ICT Expert Training Program (K-LINK)

- Global Broadcasting Content Producing and Distribution Training-

□ Overview

- **Course** :[4th] Global Broadcasting Content Producing & Distribution Training Course
- **Host**:Ministry of Science and ICT (MSIT)
- **Organizer**:National IT Industry Promotion Agency (NIPA)
Korea Radio Promotion Association(RAPA)
- **Objectives**:This course will provide an opportunity for participants to learn about the trends of the global digital broadcasting production, content distribution, media service and related policy in the digital broadcasting environment. As part of this course, participants will have a chance to attend the "Broadcast Worldwide 2018" which is one of the outstanding global content markets in Korea, and strengthen human networks with other ICT experts. Furthermore, they also can visit Korean broadcasting station where they can experience the broadcasting environments in person.
- **Training period & venue** : **August 20 ~ September6**/ Seoul, Korea
- **Requirement for application**
 - ✓ Be in **working level** at a department of **contents production or distribution** and currently working for broadcasting companies or public enterprises
 - ✓ Have sufficient command of spoken and written English
 - ✓ Prepare for a **country report** including contents like general information on country, current situation and vision & challenge for ICT and broadcasting technology with 6-7 page PPT for a presentation session (only 5 min will be allocated to each country)
 - ✓ Not have participated in K-LINK 'ICT Expert Training Program' within a year
- **Supports**:Round-trip Air ticket(Direct flight, coach-class), Accommodation, Meals, Transportation
- **How to apply**: Visit KLINK website(<http://klink.or.kr>)→ click Online Apply → fill out application
 - Should upload "Letter of Reference" and "ICT Project Report for Business Meeting" when applying.
(Forms and online application guide could be downloaded from the website. Applying requires registration.)
- **Deadline for Application**: No later than 11:59 PM 15thJune2018
- **Contact point**: Ms. Yoohye Kim (yhk@rapa.or.kr)

▶ **MSIT**: The Ministry of Science and ICT, which consolidated the Korea Communication Commission(KCC), the Ministry of Education and Science Technology(MEST) and the Ministry of Knowledge Economy(MKE) has been newly formed in 2013 to further develop Korea's science and information communication technologies. The MSIT is responsible for R&D and ICT area of tasks transferred over from the former MLST, KCC and MKE.

▶ **NIPA**:National IT Industry Promotion Agency (NIPA) is the Government subsidiary under the MSIT. NIPA is responsible for Fostering new business start-ups, Reinforcing the competitiveness of Software Industries, Create the growth engine through ICT Convergence, and ICT Strategic Planning.

▶ **RAPA**: Korea Radio Promotion Association (RAPA) is committed to promoting awareness, adoption, and implementation of radio waves and broadcast communication technologies. RAPA was established to develop the radio waves and broadcast communication industry and to help standardize technologies under Korea government's Radio Waves Act.
